Theme of the Workshop

- Information about publishing with international journals/publishers
- Paper writing
- Publishing books with leading publishers
- Patent filing- National & International
- Plagiarism and safety tools/software

About The Conference

We are pleased to announce that Babasaheb Bhimrao Ambedkar (Central) University, Lucknow is organizing an Integrated Workshop and National Conference in collaboration with Society for Environmental Sustainability (SES), Lucknow, Society for Science of Climate Change and Environmental Sustainability (SSCCES) and International Union for Conservation of Nature (IUCN) on 10th to 12th February, 2020. The main aim is to arrive at benchmarks in formulating policies for innovative scientific activities, networking of institutes, and ensuring a follow up of the same on issues related to environmental sustainability.

Theme of the Conference

The theme of the National Conference is “Environmental Sustainability: Innovations, Translational Dimensions and Way Forward”. Environmental sustainability is one of the biggest issues faced by the mankind and one of the major attention area for researchers, academicians, scholars, government and non-government organizations at present. The aim of the Conference is to provide a platform for scientists, technicians, and innovators to put forth their views, inventions and thoughts for achieving the goal of environmental sustainability. The conference will also provide an agenda for utilizing scientific knowledge in policy

making for the benefit of the nation. New ideas and inventions will be highly welcome and encouraged for their application in the broader context. The technical and scientific sessions of the conference will provide an in-depth analysis of issues related to environmental sustainability. Invited talks of experts on the relevant issues will help to enlighten the participants. Scientists and scholars will be encouraged to share their ideas and views via presenting papers or posters in different interactive sessions. For boosting the research potential of young researchers they will be awarded in different categories.

Highlights of the Conference

- Plenary lectures by eminent speakers
- Lectures on publication ethics and patenting
- Popular lectures for the popularization of environmental science
- Specific lectures in various disciplines of environmental science including sustainability, climate change, food security, natural resource management, waste management, bioenergy and fuels etc. by renowned scientists/ academicians
- Paper presentations by young researchers/ scientists
- Poster presentations by young researchers/ scientists on innovative ideas related to the theme of the conference

About the City

Lucknow or Lakhnau is the capital of Uttar Pradesh (India) and resides on the bank of River Gomti, located in what was originally known as the Awadh (Oudh) region. Lucknow has always been a multicultural city and flourished as a cultural and artistic capital of North India in the 18th and 19th centuries. Courty manners, Nawabi culture, beautiful gardens, poetry, music, and fine cuisine patronized by the Persian-loving Shia Nawabs of the city are well-known amongst Indians and students of South Asian culture and history. Lucknow is popularly known as The City of Nawabs. The Hindu holy place Ayodhya is about 135 km away from Lucknow The temperature ranges between minimum 12°C to maximum 25°C during conference time. Details about Lucknow are also available at www.up-tourism.com.

How to Reach

Lucknow is well connected to all major cities in the country by air, rail and roadways. Superfast/Express trains are available throughout day and night to/from all major cities. Charbagh Railway Station is about 10 km away from the University. Chaudhary Charon Singh Airport is about 05 km from the University. Indian Airlines, Jet Airways, Jet Lite, Go Air, Indigo, etc. operates flights from Lucknow to all over India.
